CANANDAIGUA NURSERIES,
CANANDAIGUA, N. Y.

F. L. PERRY'S
WHOLESALE

Catalogue and Trade List.

FOR FALL OF 1871.

For Nurseriesmen and Dealers.

DEALERS AND NURSERYMEN

Are invited to examine my stock before concluding their purchases. CANANDAIGUA is midway between Rochester and Geneva, one hour's ride from either place, and is much the best shipping point North, South, East, or West.

Office and Sample Grounds on Main Street, one-half mile North of Depot.

My soil is strong and well adapted for the production of healthy nursery stock. Nurseriesmen and dealers pronounce my Pear Trees (of which I make a specialty) much better than most of the stock in market.

I DIG AND PACK MY TREES WITH UNUSUAL CARE.

My stock is making a splendid growth, and I am sure that all who favor me with their orders will be MUCH PLEASED WITH MY TREES.

Early correspondence and orders are solicited.

My figures are too low to run risk of payment. Cash must accompany the order from unknown parties, or be received before shipment of stock.

Send draft on N. Y., P. O. order or registered letter, at my risk.

As to my responsibility and promptness in filling orders, I refer you to the First National Bank, Williams & Remington, Bankers, and Thomas S. Beals' Bank, Canandaigua, N. Y.

Write name, P. O. address and shipping directions plainly.

Can ship direct to Boston, New York, Philadelphia, or Baltimore, without change of cars, usually in through cars, taking only two or three days. West via Batavia and Buffalo; North via Rochester and Suspension Bridge.
NEW AMERICAN MULBERRY.

A new variety of great hardiness and vigor; making a beautiful lawn tree, as well as producing fruit three months in the year. The fruit is sub-acid, and twice the size of the common Mulberry; it is one of the finest dessert fruits, and enormously productive.

One year old, $1; $10 per doz.; two year trees, $1.50 each; $15 per doz.
Three year trees, $2 each.

From E. W. Howell, Victor, N. Y., February 8, 1870.—The two year new American Mulberry, bought of you last Spring, produced fully one quart of large, delicious fruit last Summer. I am highly pleased with this beautiful tree; would not take ten dollars for it. I would add, that all the stock I bought of you grew very finely.

Apple Trees—3 and 4 Years Old.

Add $1 per hundred for packing first-class medium and extra size trees. Even this will not cover the cost of box. Or I will reserve trees to make up cost, whichever is preferred.

Asparagus Roots.

Two years old, $1 per 100; $6 per 1000.

Conovers' Colossal.—$5 per hundred.

Linnaeus Rhubarb.

$2.00 per dozen; $10.00 per hundred.

Strawberries.

WILSON'S ALBANY, TRIOMPH DE GAND, RUSSELL'S PROLIFIC.

25 cents per dozen; $1 per hundred; $5 per thousand. All true to name.

Jacunda.—Requires a heavy soil. 50 c. per doz.; $2 per 100; $15 per 1000.

Perry's Seedling.—A new, large, and productive variety, that will please all who try it. $1 per dozen; $3 per hundred.

GOLDEN QUEEN, JERSEY SCARLET, AGRICULTURALIST, AND FRENCH'S SEEDLING.

50 cents per dozen; $1.50 per hundred.

Napoleon III.—A new French variety of great excellence. I picked one hundred berries from one hill set one year ago. Many of the berries would measure four and six inches around. Leaf strong and thick, flavor exquisite: the most valuable strawberry yet produced. $1 per dozen; $3 per hundred. Larger and more productive than Wilson. Plant a dozen at least.

Grape Vines.

By mail at single or dozen rates, postage prepaid. 1 year vines are from cuttings. 2 years and old wood layers classed as 2 years old.
ADIRONDACK, IONA, ISRAELLA, CREVELING, AND HARTFORD PROLIFIC.

1 year, 25 cents each: $2.50 per dozen; $10 per hundred; $80 per 1000.
2 year, 20 cents each: $2 per dozen; $8 per hundred; $40 per thousand.

CONCORD AND DIANA.

1 year, 35 cents each: $4 per dozen; $16 per hundred.
2 " 60 " 5 " 20 "

ALLEN'S HYBRID, BLACK HAWK, UNION VILLAGE, MAXATAWNEY, LYDIA AND SALEM.

1 year, 35 cents each: $4 per dozen; $16 per hundred.
2 " 60 « 5 " 20 "

ROGERS' HYBRIDS.—NOS. 1, 3, 4, 7, 9, 30, 41, 43, 44.

1 year, 25 cents each: $2.50 per dozen; $12 per hundred.
2 " 40 " 3.00 " 16 "
3 " 50 " 4.00 " 20 "

DELAWARE.—1 year, 25 cents each: $2.50 per dozen; $12 per hundred.
2 years, 35 " 3.00 " 15 "

2 years, 75 cents each; $6.00 per dozen.

A New Seedling, of Concord, not yet named. Weight of bunch, 2½ lbs.; otherwise just like the Concord. A few, 2 years old, at $5 each; second size at $2 each; third size at $1.

SIGLAR.—New red grape, color of Delaware, but bunch twice as large. Productive and valuable in those localities where the Delaware will not ripen. The small bunches are so like the Delaware that they are often mistaken for that variety. Will make a valuable wine grape. Two years old, $1 each, $9 per dozen.

CROTON AND SENASQUA.—$1.50 each; 12 per dozen.

EUMELAN AND WALTER.—1 year, $1 each: $8 per dozen; $50 per hundred.

ARNOLD'S CANADIAN HYBRIDS, AUTCHON, CORNUCOPIA, CANADA, BRANT. ORTHIELLO.—$1 each: $9 per dozen. Not worth collecting.

COTTAGE, DIANA, USA, MONANTUM.—2 years, $1.50 each: $12 per dozen.

AMERICA'S ARBOR-VITÆ.

9 to 12 inches, twice transplanted, bushy plants, $6 per 100; $50 per 1000.
12 to 18 " " 8 " 75 "
18 to 24 " " 12 " 100 "

CHESTNUT TREES.

For valuable and lasting timber, for shade, and for wind breaks it is unequaled. Plant it on the eastern worn out stony lands. Plant it in the south for timber and for a market fruit. Plant it on the Western Prairies as a rich inheritance for your children. Plant it along your lanes, by the roadside, and about your buildings. Plant it everywhere. Buy young trees, and plant in nursery rows for two years. They are transported by express, when small, at a trifling cost.

The above prices include cost of packing and delivery at depot.
Our Roses are all grown on their own roots, in open ground.
They are one year old; strong, healthy, well rooted plants, ranging in height from 1 to 3 feet, according to variety.
At the prices named the selection must invariably be left to us. Particular varieties or assortments will be at Special Rates, which can be had on application.

PRICE OF ROSES—$4.00 per dozen; $20.00 per hundred.
MOSS ROSES—$5.00 per dozen; $30.00 hundred.

BE A PIONEER, MEXICO, INDIANA.
PERRY'S SCARIFIER,
FOR SURFACE AND DEEP SOIL CULTIVATING.

Patented June 29, and Nov. 2, 1869.

SAVES ITS COST IN FROM 1 TO 6 DAYS.

TO NURSERYMEN AND SMALL FRUIT GROWERS.

This implement will save you hundreds of dollars in labor alone, should you adopt it, and make it do a large portion of the hand labor, as I do. I plow my heavy soil in fall; in the spring use the scarifier to pulverize and make it light for planting. As soon as the young stock can be seen, I use only knife, and one tooth to steady it; a boy to drive. Close to right hand row the knife is run one inch deep, right up to the row of grafts, and I can hoe out 50,000 in a day, once on each side of row, leaving but from 1 to 2 inches space in row untouched, according to size of stock. Next time through I put in 2 front teeth, to loosen up the ground where the horse walks. The soil is left as light as it can be forked, and as level as it can be raked, without any dirt being thrown upon the smallest plant.

It is not only the best but much the cheapest implement in the market.

1. You have a thorough pulverizer of the soil, one to four inches deep.
2. You have a complete deep soil implement, for loosening the soil from four to ten inches deep.
3. You have a complete hoe, drawn by a horse. For root crops and cuttings use 11-inch knife; 22-inch knife for nursery rows. Always run twice in a row, and hug the right hand row.
4. You have a complete hiller of corn or potatoes.
5. You have a one-horse subsoil plow, by removing all the teeth but the center one.

In reality you have six implements in one, for about one-half what each one separately would cost, and all of the most durable character.

WHAT THE PEOPLE SAY WHO HAVE USED IT.

R. P. KENDIG, WATERLOO, N. Y.

Ten men with forks could not have done the work better, and would have cost much more than the Scarifier.

J. T. THOMAS, SPRINGFIELD, OHIO.

Would not take $100 for it.
